We value each and every Donor/Customer, and each and every order. Your purchases help us provide employment to unemployed families, preserve a noble Culture, and assist us in funding our Charitable Programs. We cannot thank you enough.

And May You Always Walk in Beauty.

C MARÍA OF ÁGREDA: MYSTICAL LADY IN BLUE

News of María of Ágreda's exceptional attributes spread from her cloistered convent in seventeenth-century Ágreda (Spain) to the court in Madrid and beyond. Without leaving her village, the abbess impacted the kingdom, her church, and the New World; Spanish Hapsburg king Felipe IV sought her spiritual and political counsel for over twenty-two years. Based upon her transcendent visionary experiences, Sor María chronicled the life of Mary, mother of Jesus of Nazareth, in *Mystical City of God*, a work the Spanish Inquisition temporarily condemned. In America, reports emerged that she had miraculously appeared to Jumano Native Americans – a feat corroborated by witnesses in Spain, Texas, and New Mexico – where she is honored today as the legendary "Lady in Blue." Lauded in Spain as one of the most influential women in its history, and in the United States as an inspiring pioneer, Sor María's story will appeal to cultural historians and to women who have struggled for equanimity against all odds. Marilyn Fedewa skillfully reconstructs a historical and spiritual backdrop against which Sor María's voice may be heard. #6967 Paperback \$29

NATIVE AMERICAN HORSEMANSHIP

Horse and rider are one. Theirs is a relationship of trust, harmony, and respect born of a way of life that is all but lost. One man puts it within our grasp again. In this magnificent book, GaWaNi Pony Boy illustrates the traditional training methods – methods that are steeped in common sense and the age-old wisdom of his ancestors, America's first great horsemen. The stunning full-color photographs by renowned European photographer Gabrielle Boiselle and the simple eloquence of the text takes us back to the days when horse training was not merely about getting results but about creating a bond for life. THE ROCKY MOUNTAIN ELK

Crucifix

A

C

D

The cross has been the symbol of Christianity for centuries. The empty cross represents the risen Christ. The crucifix depicts the human form of Christ's passion and death on the cross.

These beautiful works of art are handcrafted by native artisans and are the exclusive offering of SWIF. The cross itself is made of the antler of Rocky Mountain Elk. The rough irregular texture of the antler is the perfect contrast between the imperfection of the world and the perfection of Christ. Because the elk shed their antlers each year, no animals are harmed in the production of these unique pieces. Truly the "Old Rugged Cross".

C SITTING BULL LAKOTA WARRIOR AND DEFENDER OF HIS PEOPLE

Sitting Bull (c. 1831-1890) was one of the greatest Lakota/Sioux warriors and chiefs who ever lived. From Sitting Bull's childhood killing his first buffalo at age 10 to being named war chief, to leading his people against the U.S. Army, Sitting Bull: Lakota Warrior and Defender of His People brings the story of the great chief to life. Sitting Bull was instrumental in the war against the invasive wasichus (white men) and was at the forefront of the combat, including the Battles of Killdeer Mountain and the Little Bighorn. He and Crazy Horse were the last Lakota/Sioux to surrender their people to the U.S. government and submit to living on a reservation. Celebrated author and illustrator S. D. Nelson intersperses archival images with his own artwork, inspired by the ledger-art drawings of the nineteenth century Lakota. Through the art and riveting story, Nelson conveys how Sitting Bull clung to his belief that the Lakota were a free people meant to live, hunt, and die on the Great Plains.

Handmade Treasures
It's no secret that Native Americans are incredibly gifted artistically. But because of geographical isolation, it's often a problem to find a viable market to showcase their hand-crafted goods. So in 1990, we launched the Indian Craft Catalog that you are holding in your hands. In addition to providing a national market for local Indian craftsmen, the profits from this catalog go directly back to the Native Americans themselves in the form of the many philanthropic programs that SWIF sponsors and supports. As we like to say: "Made in America - By the First Americans."

C THE ANCIENT SOUTHWEST

Gregory McNamee guides you on a memorable tour through 50 national and state parks, monuments, and other cherished sites in the modern American Southwest. Simultaneously, he leads you far back in time to the eras when the earliest human beings lived in what is now Arizona, Colorado, New Mexico, and Utah. These ancient people left intriguing clues: pueblos, tools, pottery, jewelry, baskets, petroglyphs, pictographs, clothing, kivas, and weavings. From such evidence, archaeologists can reconstruct sophisticated cultures with advanced knowledge of astronomy, architecture, agriculture, and art. In more than 130 spectacular photographs, Larry Lindahl captures the essence of these remarkable locations.

A HIAWATHA AND THE PEACEMAKER

Born of Mohawk and Cayuga descent, musical icon Robbie Robertson learned the story of Hiawatha and his spiritual guide, the Peacemaker, as part of the Iroquois oral tradition. Now he shares the same gift of storytelling with a new generation. Hiawatha was a strong and articulate Mohawk who was chosen to translate the Peacemaker's message of unity for the five warring Iroquois nations during the 14th century. This message not only succeeded in uniting the tribes but also forever changed how the Iroquois governed themselves—a blueprint for democracy that would later inspire the authors of the U.S. Constitution. Caldecott Honor-winning illustrator David Shannon brings this to life with arresting oil paintings helping to craft a new children's classic that will both educate and inspire readers of all ages. Includes a CD featuring a new, original song written and performed by Robbie Robertson. **#5373 (Hardcover, 48 pp.) \$22**

C RED CLOUD A LAKOTA STORY OF WAR AND SURRENDER

S.D. Nelson, the award-winning author and illustrator of *Black Elks Vision* and *Sitting Bull* continues his picture-book biography series with *Red Cloud*, the story of one of the most controversial leaders in Native American history. A leader among the Lakota during the 1860s, Chief Red Cloud deeply opposed white expansion into Native American territory. He rejected treaties from the U.S. government and instead united the warriors of the Lakota and nearby indigenous peoples, becoming the only Native American to win a war against the U.S. Army. Despite his military successes, Red Cloud recognized that continued conflict would only bring destruction to his people. He made the controversial decision to make an agreement with the U.S. government, and moved his people to a reservation. The effects of his decision as well as the conflicts that arose from those who rejected the agreement and continued fighting against white expansion, such as Crazy Horse and Sitting Bull shaped much of the history of Native American relations with the U.S. in years to come. Featuring archival images and S. D. Nelson's stunning illustrations, *Red Cloud* offers an authentic Native American perspective on one of the most pivotal eras of American history. S. D. Nelson has received praise and honor for his works.

D KILLERS OF THE FLOWERS MOON

In the 1920s, the richest people per capita in the world were members of the Osage Indian nation in Oklahoma. After oil was discovered beneath their land, they rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off... In *Killers of the Flower Moon*, (a *New York Times* Bestseller and *National Book Award* Finalist), David Grann revisits a shocking series of crimes that eventually became one of the first major homicide investigations of the newly formed FBI. Based on years of research and startling new evidence, the book is a masterpiece of narrative nonfiction, as each step in the investigation reveals a series of sinister secrets and reversals. But more than that, it is a searing indictment of the callousness and prejudice toward American Indians that allowed the murderers to operate with impunity for so long. *Killers of the Flower Moon* is utterly compelling, but also emotionally devastating.

FORGOTTEN AMERICANS SKATEPARK

SWIF Announces the Opening of Route 66 Skatepark in Gallup

A **HUGE THANK YOU** for all your generous donations and support in turning this dream into a reality!

We are proud to announce that the Route 66 Skatepark has become a reality. Our whole community is excited and it was thrilling to witness the entire process, from the design and building, all the way to the completion of the skatepark.

We are honored that Tony Hawk, and his Foundation is a major contributor to this project. The Tony Hawk Foundation not only donated resources, but Tony himself worked with the architect to come up with the final design.

KIDS DESERVE A PLACE TO GROW

Skateparks build and sustain healthy communities. As a gathering place for dedicated, athletic youth, the skatepark provides the forum for visitors young and old, beginning and skilled, to meet and share experiences. For many skateboarding youth, the skatepark becomes a home-away-from-home.

Faithful supporters like you are essential for projects like this, and we thank you for your generous donations. The Skatepark has made an immediate difference in the lives our youth. Our people will be eternally grateful.

“The process of getting a park teaches kids in the community valuable lessons about perseverance, and that working with their city leaders can be a positive experience.”
