Indian Youth Leadership
For over twenty years, the National Indian Youth Leadership Association has been active on our area reservations, providing leadership programs for young Native Americans. SWIF has worked closely with NIYLA in sponsoring camps, leadership workshops, CPR training, and search and rescue orientation. The philosophy of this program is to instill skills and confidence in our youth and teach them to become community servants. This is a rich and vital program especially in poor reservation communities where little in the way of positive outlets exist for young men and women.

H. **Last Stand At Little Big Horn DVD** – The Battle of Little Big Horn, known as “Custer’s Last Stand,” has been one of the most frequently depicted moments in American history—and one of the least understood, still shrouded in myth. The golden-haired general and his doomed 7th Cavalry have been wiped out by Indians in more than 40 films. Yet the battle that left no white survivors also left two very different accounts of Little Big Horn: one white; one Native. Using journals, oral accounts and Indian ledger drawings as well as archival and feature films, a Native American novelist, James Welch (Winter in the Blood, The Indian Lawyer) and a white filmmaker, Paul Stekler (Eyes on the Prize) combine talents to examine this watershed moment from two views: from that of the Lakota Sioux, Cheyenne and Crow who lived on the Great Plains for generations; and from that of the white settlers who pushed west across the continent. Pulitzer Prize-winning Native American writer Scott Momaday narrates.

B. María of Ágreda – Definitive biography of 17th century mystic explores María of Ágreda’s exceptional spirituality which spread from her cloistered convent in 17th century Spain to the royal court in Madrid and beyond. Without leaving her village, the abbess impacted the kingdom, her Church, and the New World. Spanish Hapsburg King Felipe IV sought her spiritual and political counsel for over 22 years. Based upon her transcendent visionary experiences, Sor María chronicled the life of Mary, Mother of Jesus of Nazareth, in Mystical City of God, a work the Spanish Inquisition temporarily condemned. In America, reports emerged that she had miraculously appeared to Jumano Native Americans—a feat corroborated by witnesses in Spain, Texas, and New Mexico, where she is honored today as the legendary “Lady in Blue.” “Marilyn Fedewa has written a stirring portrait of María of Ágreda, a brilliant . . . remarkable player in major spiritual and secular events of [her] age.” — Kenneth A. COVID-19 Response

In May of 2020, the Navajo Nation passed New York state as having the highest coronavirus infection rate in the country, per capita. In spite of state and local lockdowns, early on the Southwest Indian Foundation was declared an “essential service” and since then we have been striving to serve as many individuals and families as possible, giving special consideration to the elderly and handicapped. Working with local food banks and social services, we have been making daily emergency food deliveries to remote parts of the Navajo Reservation, ensuring that no one is overlooked during this time of crisis.

A. Red Cloud: A Lakota Story of War and Surrender – S.D. Nelson, the award-winning author and illustrator of Black Elk’s Vision and Sitting Bull continues his picture-book biography series with Red Cloud, the story of one of the most controversial leaders in Native American history. A leader among the Lakota during the 1860s, Chief Red Cloud deeply opposed white expansion into Native American territory. He rejected treaties from the U.S. government and instead united the warriors of the Lakota and nearby tribes, becoming the only Native American to win a war against the U.S. Army. Despite his military successes, Red Cloud recognized that continued conflict would only bring destruction to his people. He made the controversial decision to make an agreement with the U.S. government, and moved his people to a reservation. The effects of his decision—as well as the conflicts that arose from those who rejected the agreement and continued fighting against white expansion, such as Crazy Horse and Sitting Bull—shaped much of the history of Native American relations with the U.S. in years to come. Featuring archival images and S. D. Nelson’s stunning illustrations, Red Cloud offers an authentic Native American perspective on one of the most pivotal eras of American history. S. D. Nelson has received praise and honor for his works.

A. Sitting Bull: Lakota Warrior and Defender of His People – Sitting Bull (c. 1831–1890) was one of the greatest Lakota/Sioux warriors and chiefs who ever lived. From Sitting Bull's childhood—killing his first buffalo at age 10—to being named war chief, to leading his people against the U.S. Army, Sitting Bull: Lakota Warrior and Defender of His People brings the story of the great chief to life. Sitting Bull was instrumental in the war against the invasive wasichus (white men) and was at the forefront of the combat, including the Battles of Killdeer Mountain and the Little Bighorn. He and Crazy Horse were the last Lakota/Sioux to surrender their people to the U.S. government and submit to living on a reservation. Celebrated author and illustrator S. D. Nelson intersperses archival images with his own artwork, inspired by the ledger-art drawings of the nineteenth century Lakota. A. **Hiawatha and the Peacemaker** – Born of Mohawk and Cayuga descent, musical icon Robbie Robertson learned the story of Hiawatha and his spiritual guide, the Peacemaker, as part of the Iroquois oral tradition. Now he shares the same gift of storytelling with a new generation. Hiawatha was a strong and articulate Mohawk who was chosen to translate the Peacemaker’s message of unity for the five warring Iroquois nations during the 14th century. This message not only succeeded in uniting the tribes but also forever changed how the Iroquois governed themselves—a blueprint for democracy that would later inspire the authors of the U.S. Constitution. Caldecott Honor–winning illustrator David Shannon brings the journey of Hiawatha and the Peacemaker to life with arresting oil paintings. Together, Robertson and Shannon have crafted a new children’s classic that will both educate and inspire readers of all ages. Includes a CD featuring a new, original song written and performed by Robbie Robertson. **#5373** (Hardcover, 48 pp.) **$22**

When most people think of the Southwest, they conjure up images of palm trees and swimming pools. But here in the high desert where the Navajo Nation is located, elevations are higher than Denver and at night the temperatures can plunge well below freezing. That’s why we created our Stove Program, whereby we install safe, efficient Combination Wood/Coal Stoves for needy individuals and families. Our Navajo crew works year-round installing these combination stoves — see the letter in our Christmas Catalog to find out how you can help!

B. Buffalo Bird Girl – This fascinating picture book biography tells the childhood story of Buffalo Bird Woman, a Hidatsa Indian born around 1839. Through her true story, readers will learn what it was like to be part of this Native American community that lived along the Missouri River in the Dakotas, a society that depended more on agriculture for food and survival than on hunting. Children will relate to Buffalo Bird Girl’s routine of chores and playing with friends, and they will also be captivated by her lifestyle and the dangers that came with it. Using as a resource the works of Gilbert L. Wilson, who met Buffalo Bird Woman and transcribed her life’s story in the early 20th century, award-winning author-illustrator S. D. Nelson has captured the spirit of Buffalo Bird Girl and her lost way of life. The book includes a historical timeline. #5371 (Hardcover, 50 pages) $20

A Hand Up Not A Handout
Over the past 50 years, the Southwest Indian Foundation has seen considerable growth. But we have always strived to maintain the original intent of our Franciscan founder. First, to recognize the great human potential of each individual; and second, to offer those in need a hand up – not a handout. The SWIF philosophy is strongly opposed to the “handout” approach. To our way of thinking, a mere handout destroys a person’s dignity and self-initiative. We believe that true charity must emphasize self-help in order to restore pride and independence. Only in this way can we truly build a better America for the First Americans.

These ancient people left intriguing clues: pueblos, tools, pottery, jewelry, baskets, petroglyphs, pictographs, clothing, kivas, and weavings. From such evidence, archaeologists can reconstruct sophisticated cultures with advanced knowledge of astronomy, architecture, agriculture, and art. All children deserve a good education. San Carlos, Globe, Lumberton, Farmington, San Fidel, Laguna, Crownpoint—these are just some of the remote communities in Arizona and New Mexico where our schools can be found. For over 30 years, we have made education a top priority. We have 15 mission schools in and around the local reservations that we support both through school grants and individual tuition assistance. In a depressed and isolated desert region, a sound education is a child’s best friend.

**G. Killers of the Flower Moon** – In the 1920s, the richest people per capita in the world were members of the Osage Indian nation in Oklahoma. After oil was discovered beneath their land, they rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. . . . In Killers of the Flower Moon, (a New York Times Bestseller and National Book Award Finalist), David Grann revisits a shocking series of crimes that eventually became one of the first major homicide investigations of the newly formed FBI. Based on years of research and startling new evidence, the book is a masterpiece of narrative nonfiction, as each step in the investigation reveals a series of sinister secrets and reversals. But more than that, it is a searing indictment of the callousness and prejudice toward American Indians that allowed the murderers to operate with impunity for so long. Killers of the Flower Moon is an utterly compelling work of non-fiction. **#6965** (Softcover, 352 pp., photos) **$19**
Sleeping Beauty Turquoise Jewelry

One of the most sought after semi-precious stones, Sleeping Beauty Turquoise is revered for its pure sky-blue color. The Navajo were among the first to mine the stone, using hot coals to heat the boulders and then splashing them with cold water. The sudden temperature change would cause the boulders to fracture, exposing the prized turquoise beneath. In our jewelry pictured here, we have coupled the gorgeous sky-blue stone (mined in nearby Globe, Arizona) with classic Sterling Silver Beads.

Bringing It Home

For more than thirty years, the Southwest Indian Foundation has employed a Navajo work crew to conduct home renovations and weatherization for needy Indian families in the area. In addition to supplying the necessary labor, we also provide the raw materials, though we stipulate that the homeowners make an “in kind” contribution to the project as well. Moreover, we often serve as a catalyst with other non-profit organizations and Navajo Tribal entities to address “special needs” situations.

A. **Black Elk’s Vision: A Lakota Story** – Black Elk’s Vision provides a unique perspective on American history. Black Elk was a Lakota-Oglala medicine man who lived from 1863 until 1950. The cousin of Crazy Horse, Black Elk was involved in the battles of the Little Bighorn and Wounded Knee. He also travelled to New York and Europe as part of Buffalo Bill’s Wild West show. Most important, however, was the vision he had as a young boy, which shaped his life. Through the medicine man’s own words, as well as historical documentation, author S. D. Nelson brings to life what it was like to be Native American in the mid to late 19th century and early 20th century. The native people found their land overrun by the White Man, the buffalo slaughtered for sport, and their people gathered onto reservations. Interspersing archival images with his own artwork, Nelson conveys how Black Elk clung to his childhood vision, which planted the seeds to help his people—and all people—understand their place in the Circle of Life. #6946 (Hardcover, 48 pages) $22

B. The Warrior Tradition DVD – The Warrior Tradition tells the astonishing, heartbreaking, inspiring, and largely untold story of Native Americans in the United States military. The film chronicles the accounts of Native American warriors from their own points of view — stories of service and pain, of courage and fear. The old duality of the Noble Savage/helpless victim has dominated our cultural portrait of Native Americans for fifty years. But it’s a more complicated story. Indian warriors have a wide mix of emotions and motives — patriotism, pride, rage, courage, practicality, and spirituality all mingle with an abiding respect for tribal, familial, and national traditions. Even the numbers tell a story. During World War I, not all Native Americans were even citizens of the United States and couldn’t be drafted; yet more than 12,000 Indian men volunteered. Even in an unpopular war in Vietnam, 90 percent of the 42,000 Native people who served were volunteers. The roll call of valor is endless. But there’s more to the story than heroism, and more than one way to be a warrior. #6979 (55 min.) $25
